I have known Ms. Joan Boughton of Joan Boughton and Associates since 1994. Since that time, I have used her services as a consultant in various facets, including event planning consulting, product marketing, and international relations matters. Her multi-cultural, multi lingual experience is a valuable asset.

Ms. Boughton provided services as I chaired a 15,000-attendance world convention of a well-known multinational NGO held in Argentina, including promotional content and presentations for marketing conferences in Singapore and the USA. She has advised, conferred with me on vendor negotiations and multinational committee relations on various projects. In addition, she has also consulted for me in international/diplomatic matters as I have developed a plan of action for extension of an NGO to Cuba.

Ms. Boughton is a highly educated and capable professional. I regard Ms. Boughton highly, professionally and personally. A tremendous asset to any organization.

I have known Joan for over 10 years. In my role as President of the Otay Mesa Chamber of Commerce I hired Joan on numerous occasions to do PR and event and meeting planning. I always thought that Joan was very professional, focused on details and creative. As a partner with pwc I had the opportunity to see her in action at many professional events and again I found her to be personable and very knowledgeable in her profession. I highly recommend Joan for marketing, PR and event and meeting planning opportunities.

I have found Joan to be of high integrity with great follow through and very detail oriented. Her ability to listen to her client and understand their goals, even if they don't know how to articulate them, is worth gold!
